

Stand Out! Get Ahead!

Win@Work

Bridging the Industry and Academe Gap

ABOUT **WIN@WORK**

Win@work is a specialized training program designed for students and graduates of various bachelor's degree courses from different colleges and universities across the country.

The objective of this program is to equip the participants with knowledge of different management systems based on ISO standards. The current workplace in general, adapts ISO and operates based on the principles, best-practices and requirements of different international standards.

Completing this course will position the participants as internal champions in the design, implementation and improvement of management systems in the workplace of companies across different industries.

TESTIMONIALS

"Excellent Training"

Dr. Mario Obra,
Quality Management Representative,
Western Mindanao State University.

"I have learned many things
in handling customer-related
problems and how to main-
tain good relationship with
the customers."

Lyndel Lavado,
Tekton
EMPC

"The speaker really gave
practical information that
can be applied at work. The
speaker was really good.
Learned a lot from him."

Amber Ava Yap,
Gothong Southern
Shipping Lines

"The training was very
detailed and accurate to the
training needs."

Jefferson Phil Tan,
Wellmade
Motors

"The time spent in attending
this one-day training was
well spent for I have learned
so much that I can apply in
my work and share with my
colleagues."

Gerald Medina,
Vineyard
Construction

"The training broadened my
ideas and knowledge in
Project Management. Hope
that I can attend in other
AGF Training."

Neil Flores,
Lear
Corporation
